ASX flatbed trailers - the best of both worlds

The Anssems ASX is a rock-solid flatbed trailer with steel ramps, stored in integrated ramp holders beneath the loading floor.

The side boards turn completely under the loading floor. This prevents damage during loading and unloading with a forklift.

ASX 325x178

ASX 405x178

Durable and user-friendly

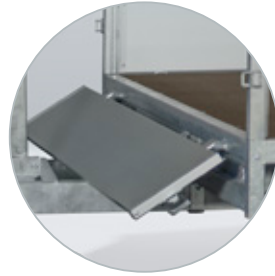

The fully galvanized chassis (with four length carriers) supports the loading floor optimally. The lighting, axles, brake system and jockey-wheel meet the high requirements of Anssems in terms of safety and reliability. The aluminum sides and corner sticks can be removed within a small action. This quickly creates a flat loading floor for maximum use.

Strong chassis with integrated ramp holders

Reliable brakesystem

Foldable front panel

8 tie hooks on the inside of the loading platform

Long drawbar with automatic jockey wheel

Tie rail for movable net hooks or tie hooks

Sides turn away under the loading floor. Damage-free loading and unloading

Premium quality brake system

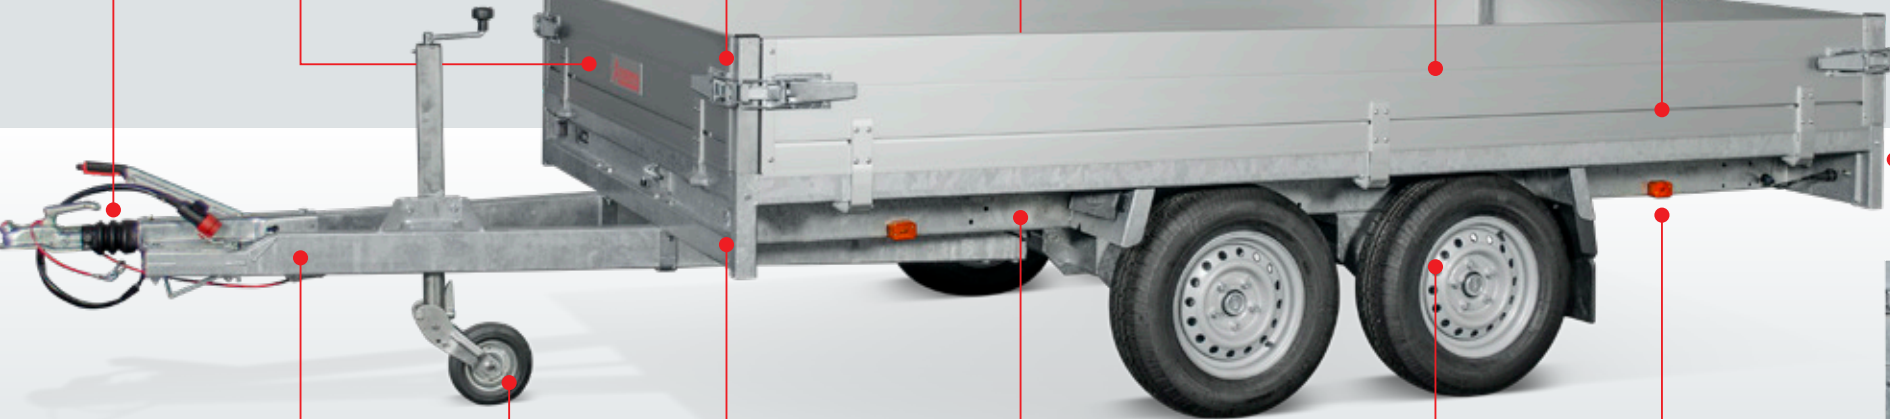

Foldable front panel

Provided with tension locks all around

Multiplex loading floor

Aluminium side boards

Integrated tie rail

Long, interchangeable drawbar made of box tubes

Automatic jockey wheel

Front marker lighting

Robot welded chassis

Premium quality wheels and axles

Side marker lights

Ramps, stored beneath the loading floor

The Anssems ASX accessories

The ASX can be used even more widely by mounting accessories. For example, order a winch with winch support, propstands, mesh sides, extension sides, axle shock absorbers, LED position lights or a ladder rack to increase user comfort. Safely cover your load? Install a high cover or flat cover. Thanks to the integrated tie rail you can easily place the net hooks in the right position.

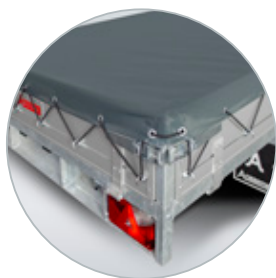

**THE ANSSEMS ASX
IS TAILORED
TO MY WISHES**

You create extra load volume with mesh racks. These 70 cm mesh sides are placed upon the standard side boards (see table).

Additional loading options thanks to the 35 cm aluminium extension sides.

Accessory;
durable flat cover

Accessory;
axle shock absorbers

Accessory; net hooks for
load nets (for example)

Accessory;
propstands

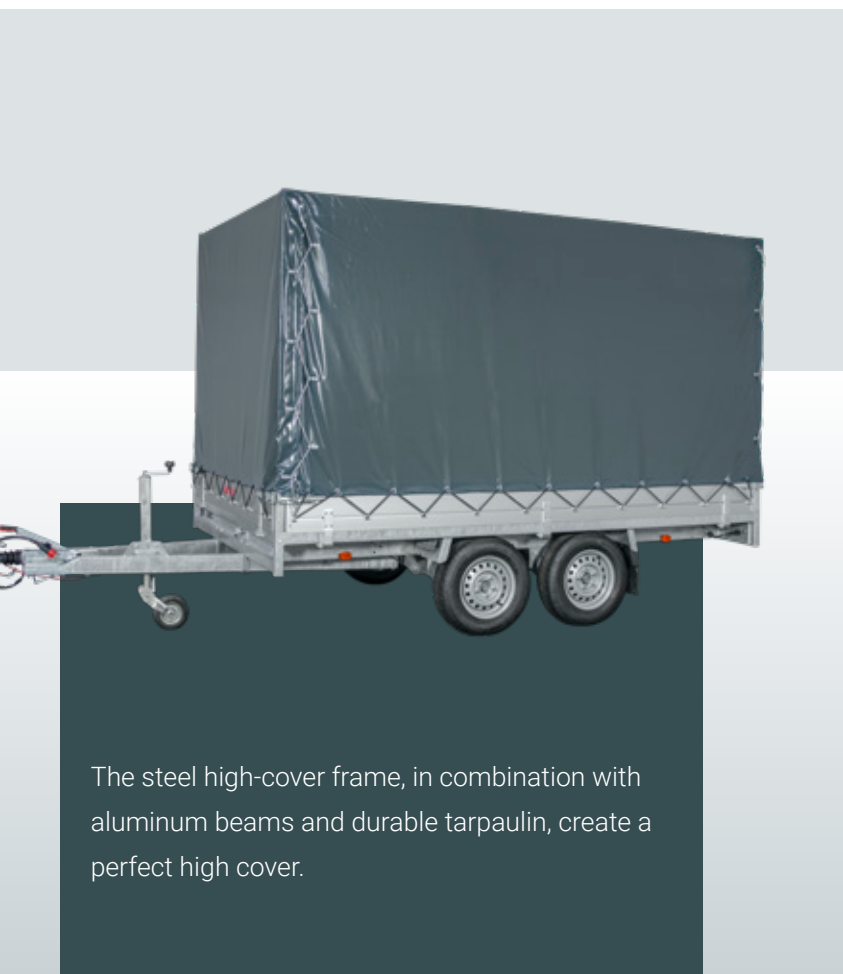

Accessory;
LED position lights

Accessory;
steel ladder rack

Accessory;
spare wheel with support

The steel high-cover frame, in combination with aluminum beams and durable tarpaulin, create a perfect high cover.

Mount the ASX adjustable winch

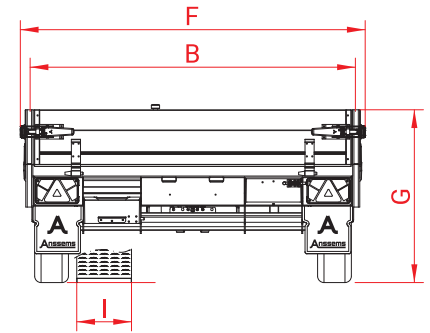

The Anssems ASX is prepared for a removable winch. The winchsupport is also adjustable in length.

Ask the Anssems dealer for all options or ask your question on www.anssems.eu.

Our customer service is ready for you!

Using the ramps

Use the steel ramps to drive vehicles on and off. The supplied ramps are stored under the chassis. Useful! You therefore always have the ramps at hand. **Tip!** For even more comfort during driving on and off, the ASX can be extended with prop stands and winch.

THE ANSSEMS ASX SAVES VALUABLE TIME

A photograph of a man with glasses and a red and black plaid shirt driving a white utility vehicle. The vehicle is a small, four-wheeled machine with a steering wheel and a seat. The man is smiling and looking towards the camera. The background is a grassy field with trees.

Anssems

Typical Anssems

The Anssems Group has a complete program of transportation solutions for you with the brand names Anssems and Hulco. Anssems trailers has distinguished itself since 1977 by being reliable and sustainable. A generously selected standard equipment creates maximum user convenience. Thanks to intercompany development, innovations and automated production processes, a high quality level is guaranteed. Anssems is one of the leading trailer producers in Europe.
